AT THE GOVERNMENT HOUSE AT OTTAWA.

Friday, the 14th day of February, 1896.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
IN COUNCIL.

WHEREAS by section 3 of the Regulations governing the disposal of Dominion lands containing minerals other than coal, established by the Order in Council of the 9th November, 1889, it is provided that a location for mining, except for iron, shall not exceed 1,500 feet in length and 600 feet in breadth;

And whereas it appears that a location of the size prescribed by the said Regulations and which contains an area of about 20 acres, is too limited for land containing mica, as the cost and difficulty of extraction generally limit workings to a comparatively small depth, and for profitable work a greater superficial area is desirable;

His Excellency, in virtue of the provisions of The Dominion Lands Act, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that locations for the mining of mica shall be increased to an area of 160 acres, the area prescribed for locations for the mining of iron by section 13 of the said Regulations, and that sections 3 and 13 of the said Regulations of the 9th November, 1889, be amended accordingly.
